HEROICA™

THE QUEST FOR THE SECRET RELICS

LEGO GAMES
Having learned of the invasion of their homeland, our brave heroes the wizard and the barbarian are on their way to Draida Bay to find the relics, defeat the monsters, and free Heroica!

Relics huh? And you're sure that they will banish the monsters?

Yeah, the old legends say they were used to defeat them before.

And you said we'll meet more heroes along the way?

Yes, but we'll have to make it there in one piece first...

Lemme see!

Hah, those goblins don't look so tough.

GRRRRR

They might not be strong... but there's a lot of them.

Relics huh? And you're sure that they will banish the monsters?

Haha, take that!

Don't get cocky now...

Wouldn't want this story to be over already, so watch yourself.

There's another one!

C'mon you...

Sorry...

GRR!
We'll see about that!

Ooh, it's some sort of map...

Score!

Indeed
Okay, Lead on!

Let's go. We still have a lot of work ahead of us.

Well I think this is where we'll be splitting up for a while.

Yes, I sent the Druid ahead to find the Ranger. You'll meet up with them and find the Chalice in Waldurk Forest.

I'm going to find the Rogue and ask him to join us.

But where are you going?

What do you mean? You're leaving?

Ok, Good luck!

Hey there! The Wizard sent me to find you guys!

And to you, my friend.

That's fantastic. We can sure use your help.

It appears that a dark druid has been haunting Waldurk Forest.

Sounds spooky... Well, there's supposed to be an ancient relic in this forest.

Hm, perhaps that's what's been giving the dark druid his powers.
Then it's settled. Let's go and find this 'chalice of life'!

Let's split up so we can cover more ground.

Boy, this map isn't very clear at all...

Yikes!

Hiss!

Oh no you don't!

Silly spider... can't stop me.

Ho! What's this?

I sure hope this works!

It looks like some sort of door...

That looks like a switch!

How am I supposed to make it past this?

Hey!

I was walking along this path...

Whoohoo, all right!

...when a door appeared out of nowhere!
Oof!

Hahaha!

Aaah!

Aaaaaah!

Zzapp!

Ow

Hehehe

Whimper

Weird... well, let's keep going.

Are you alright?

Hopefully we don't run into any more of those guys...

Those who trespass in my forest will pay the price!

ZZapp!

And now you!

AAAAAAAAH!

Are you guys still okay?

Whew! That was a close one.

Let's go!

Nobody beats up my friends!

I think so...
There it is! Someone grab it.

RARCH!

Oooh, it's shiny!

We did it, guys!

Nobody can defeat the Dark Druid!

Gulp!

Run away!!!

Huff Huff

Eep!

He's back!

That guy sure was spooky!

Yes, hopefully he'll be less of a problem now that we have the chalice.

Yeah

So what now?

Well, I think you should meet up with the wizard while I go and seek out the knight.

Right, good luck and be safe!

You too.

Yeah and I think I will go and see if the village of Seldaan or any of the neighboring farms need any help.
Boy, it's good to see you two!

I'm glad you made it back in one piece.

Now, where's that scepter?

Screee!

Hey!

Move it, slowpoke!

I've heard this Golem Lord is one tough cookie.

Well, are you guys ready? Let's do this!

Hey, are you back? There's a cave-in blocking this path.

Now which way do we go?

Yes, barely... We found the chalice and the Druid is off to find the knight.

Now we must find the Scepter of Summoning in the Caverns of Nathuz.

I think we should stick together...

Sorry, kiddo. Not my style.

Hey, a torch!

This'll come in handy.

Now, where's that scepter?

Wanna dance huh?

Heh heh heh

Hey you're back! There's a cave-in blocking this path.

Hey, that's not a normal torch. It's a Golem's torch.
I made it!

Just squeeze through here...

Hup! And I made it!

Uh oh!

Bonk!

Oh yeah? Take this!

And some of this!

Bonk!

Hehe, who's the man?

Move it, slowpoke!

Huh?

Stop! This is as far as you'll go!

Eep!
Nobody can stop my golem army!

BZZZT!

ROAR!

RARGH!

YARGH!

Quick my pet, hide the scepter!

SCREE!

Now, as for you two...

Quick what?

Bring it on!

Yeah?

I'll avenge you!

Heh heh... gotcha!

Wizard!

No,

Hey, what about the scepter?

It's past those bats...

Incoming, get ready!

Have at you!

GRR!
Ah-hah! Success!

Alright! We sure showed that golem who’s boss!

Yes, but we’re not finished yet.

Oooh! Oooh!

Ah-hah!

Success!

Alright!

We sure showed that golem who’s boss!

Yes, but we’re not finished yet.

Off to Castle Fortaan now, right?

Well, I gotta go...

Indeed. Let’s hope our druid found the knight.

Leaving already?

Yeah, I work better alone.

Good luck!

You too!

Ah, looks like them up ahead.

Hah! Glad to see you guys are still with us.

Greetings!

Greetings!

Nice to meet you Mr. Knight.

Likewise!

We’re looking for a relic and our missing king! So far, we have no clues...

Don’t worry, we’ll find him.

Right, we should go...

Yes! Let’s go defeat that goblin king!

Ready!
YAR!

KABAM!!

Gotta keep moving

Hah, too slow!

BONK!

Looks like they're distracted.

All right, good luck guys!

Intruder! How dare you enter my castle!

All right. Who's next?

I've already sent him back to my master! But you'll never make it past me!

Where's the real king?!

Ha ha ha, you won't find him here...

So you're not really in charge, after all!
Oof!

Hahaha!

Who's the hero now?

OH, IT'S ON!

Who's the hero now?

You got him! Great job!

Let's look for the relic and clues to find the king!

Hm, what's this?

There must be a key to unlock this door!

Hey guys, I saw a key over there!

I'll get it!

Oh no you don't!

Oof!

Oh no you don't!

Hahaha!
FOR THE KING!

Are you all right?

I'll be fine. Watch!

HEAL!

As for the key...

TA-DAH!

Let's see if it fits.

It worked!

The helmet of protection!

Wooo!
Hey, there are even more relics to find!

Looks like it doesn't end here...

Let's free Heroica!

I think I see something up ahead...

It's another map!

Look guys, I think I've found what we were looking for!

Hey guys!

It's a hidden passage!

Let's check it out.
